

Glycine, analytical standard, for nitrogen determination according to Kjeldahl method

Glycine, analytical standard, for nitrogen determination according to Kjeldahl method

Identificativi Prodotto

Reference: 94119-10G

Descrizione

Dati Tecnici

CAS Number: 56-40-6

Molecular Formula: C₂H₅NO₂

Purity Grade: analytical standard, for nitrogen determination according to Kjeldahl method

Molecular Weight: 75.07

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X10G
