

L-Ascorbic acid, powder, suitable for cell culture, gamma-irradiated

L-Ascorbic acid, powder, suitable for cell culture, gamma-irradiated

Identificativi Prodotto

Reference: A4403-100MG

Descrizione

Dati Tecnici

CAS Number: 50-81-7

Molecular Formula: C₆H₈O₆

Purity Grade: powder, suitable for cell culture, gamma-irradiated

Molecular Weight: 176.12

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X100MG
