

L-Glutamine, meets USP testing specifications, suitable for cell culture, 99.0-101.0%, from non-animal source

L-Glutamine, meets USP testing specifications, suitable for cell culture, 99.0-101.0%, from non-animal source

Identificativi Prodotto

Reference: G8540-25G

Descrizione

Dati Tecnici

CAS Number: 56-85-9

Molecular Formula: C₅H₉N₂O₃

Purity Grade: meets USP testing specifications, suitable for cell culture, 99.0-101.0%, from non-animal source

Molecular Weight: 146.14

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X25G
