

Anti-Human IgG (whole molecule) antibody produced in goat, IgG fraction of antiserum, buffered aqueous solution

Anti-Human IgG (whole molecule) antibody
produced in goat, IgG fraction of antiserum,
buffered aqueous solution

Identificativi Prodotto

Reference: I1886-2ML

Descrizione

Dati Tecnici

Purity Grade: IgG fraction of antiserum, buffered aqueous solution
Shipped on ICE/no ICE: DICE
SAP Pack with Pack Qty: 1X2ML
Storage Temperature: -20C
