

Mineral oil, suitable for preparation of Nujol mulls for infrared spectroscopy, light oil

Mineral oil, suitable for preparation of Nujol mulls for infrared spectroscopy, light oil

Identificativi Prodotto

Reference: M3516-1L

Descrizione

Dati Tecnici

CAS Number: 8042-47-5

Purity Grade: suitable for preparation of Nujol mulls for infrared spectroscopy, light oil

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X1LT

Storage Temperature: Room Temperature
