

Potassium citrate tribasic monohydrate, meets USP testing specifications

Potassium citrate tribasic monohydrate, meets USP testing specifications

Identificativi Prodotto

Reference: P1722-500G

Descrizione

Dati Tecnici

CAS Number: 6100-05-6

Molecular Formula: C₆H₅K₃O₇

Purity Grade: meets USP testing specifications

Molecular Weight: 324.41

Shipped on ICE/no ICE: STD

SAP Pack with Pack Qty: 1X500G
